Asthma Care Plans

Dear Parents/Carers,

We are updating our care plans for children who are diagnosed as Asthmatic. Therefore we will be sending out care plans for each child on our Asthma register, for parents to complete with the details regarding medication. We would appreciate it if you could send the care plans back into school, when completed and signed. **It is imperative that you return this information to us, so that we can follow medical advice on how best to care for your child's condition.**

If you do not receive a care Plan and your child is Asthmatic, please inform us immediately.

Children who are Asthmatic must make sure that they have their inhaler in school at **all times**. All children must give their inhaler to their class teacher, so that it can be stored appropriately. **Please note KS1 children are required to bring in a spacer for their inhaler.**

We would ask parents of any children in school to make sure that we are up to date with any of their medical conditions and if your child has recently been diagnosed with Asthma, please notify us so that they can be recorded on our Asthma register. In addition if your child no longer suffers from Asthma, please inform the school so our records can be updated.

Yours faithfully,

Mrs S Oppé
Headteacher
