

SCHEDULE

4

The link will also contain a suggested timetable, including reference to the learning activities provided, but also ideas for breaks, reading and exercise.

ACCESS

3

The link will enable your child to access daily activities planned by their teacher and linked to core skills for their current class.

LINK

2

Once it is confirmed that your child is self-isolating a link to an online learning package will be provided.

NOTIFY

1

As soon as you are aware that your child has to self-isolate, contact the school and let us know.

5

LEARNING

As soon as your child accesses the learning activities and suggested timetable from our link, they can begin taking part in their learning.

6

CONTACT

Use your teacher's email address to send through any questions, queries and/or examples of completed work

7

FEEDBACK

Your child's teacher will be busy working with their class back in school, but will check their email every couple of days to see how your child is getting on and to offer feedback.

8

RETURN

Once your child's period of self-isolation is over they may return to school. Obviously they will have missed the day-to-day experience but their learning will not have stopped.
