

**Saint Anthony's Catholic School and Nursery Return to  
School Risk Assessment September 2020**

**RISK  
ASSESSMENT**

<b>Location / Site</b>	Insert location and site where activity taking place
Saint Anthony's Catholic school and Nursery.	
<b>Activity / Procedure</b>	Insert name/type of activity or procedure being assessed
Full return to school September 2020	
<b>Assessment date</b>	Insert date when assessment is being carried out
13/07/2020 – to be updated regularly until the start of term	
<b>Assessment serial number</b>	Insert local serial/identification number for future reference

<b>Identify people at risk</b>	YES or NO
<b>Employees</b>	<b>YES</b>
<b>Children</b>	<b>YES</b>
<b>Visitors</b>	<b>YES</b>
<b>Contractors</b>	<b>Yes</b>

<b>Identify hazard</b>		Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards	
<b>Lack of social distancing in the classroom resulting in direct transmission of the virus</b>			
<b>Existing level of risk</b>		Consider current level of risk	
<b>HIGH</b>	<b>MEDIUM</b>	<b>LOW</b>	<b>NEGLIGIBLE</b>
<b>Control measures</b>		List your control measures required to reduce risk – add appropriate detail about the type and location of controls	
<ol style="list-style-type: none"> <li>1. Children will be in year group bubbles but will mainly be in class bubbles day to day.</li> <li>2. Furniture in classrooms will be minimized to create enough space to have the desks facing forward. Where forward facing is not possible, there will be adequate ventilation and spacing. Where possible, groups will be run outside.</li> <li>3. Excess equipment will be stored safely and neatly in cupboard; space has been created.</li> <li>4. Children will use the same desk each day years 2-6, where possible. Nursery, Reception and Year 1 will operate using a more play-based curriculum but other safety measures will be adopted, as much as possible.</li> <li>5. Rights Respecting Charter will be completed in the first week back and this will also feature elements relating to COVID-19.</li> <li>6. Children will receive instructions on updated protocols on their first day. (Include instructions how to line up, use of toilet, moving around the classroom etc).</li> <li>7. Charter re-visited and modelled many times a day and linked to school behaviour system – lots of praise for adherence and sanctions for non-compliance.</li> <li>8. Lessons planned more for individual work, although group work can now be facilitated, with clear instructions.</li> <li>9. Feedback – using large whiteboard and visualizer and interactive whiteboard to minimize close interaction with children as much as possible – this is so particularly for teachers moving around the school and not working consistently within one bubble.</li> <li>10. More verbal feedback and self-marking to be used, along with visualizer, to minimise contact. Written marking can be done using post-its and electronically, to minimize having to touch children's books.</li> <li>11. Mark out an area for the teacher – 2m distancing at front of room – not Reception, Nursery and Year 1.</li> <li>12. Children to use same desk the next day; this does not apply to Reception, Nursery or Year 1.</li> <li>13. Teachers will generally stay with one group at all times. Adults may work with another bubble, but they must maintain social distancing.</li> <li>14. Children to remain in classrooms unless they are timetabled to be elsewhere, which will ensure less mixing within corridors.</li> <li>15. Coats to be kept on pegs or back of chair. No other equipment is to be brought into school. Reception Y1 and Y2 children will receive Universal Infant Free school meals in the form of a grab bag for the first term; this will be reviewed.</li> <li>16. Bikes can be brought onto site but must be locked away by the adult when using the one-way system, or by the child after the adults have left the site.</li> <li>17. Non class-based adults to stick to timetabled interactions with groups, to ensure that communication with others can be easily traced.</li> <li>18. Adults must adhere to social distancing and must limit contact with other members of staff outside of their bubble.</li> <li>19. Children needing first aid must be seen by the adults within that bubble. Gloves, aprons and, where needed, visors must also be worn. Any first aid administered must be recorded. In case of emergency phone the office and SLT.</li> <li>20. If a child has an accident and two members of staff are needed then SLT must be contacted via phone</li> <li>21. First aid packs will be present in every classroom along with accident forms and head bumps letters.</li> <li>22. If an ice pack is needed, they are in the usual freezers and can be used but must be cleaned with sterilizing fluid afterwards. .</li> </ol>
