

Year 1 Advent Homework

Each week please choose one of the activities to complete and email your teacher a photo of your completed activity.

Maths

Someone has taken some of the numbers from my advent calendar and now I do not know which doors to open when. Can you fill in the missing numbers for me please?

English

On Christmas eve, Saint Nicholas (Father Christmas) will hopefully visit all of us! Can you write two sentences telling him how you have been good this year?

My example is below:

*Dear Fathen
Christmas, I have
helped my friends
in the
playground. I
have also helped
at home. Love
Mrs Costelloe.*

Geography

When Mary and Joseph arrived in Bethlehem it was night time and they were very tired after their long journey. Can you write down all the words you can think of to describe what they see when they arrive.

P.E

Father Christmas has come down the chimney but found a very big mess in the house.

Can you make an assault course with things around the house that he has to complete quietly so he does not wake up the children?

Design and Technology

It was Germany who first started the tradition of decorating a Christmas tree. Can you make your own Christmas tree decoration?

Science

A magical Christmas Science experiment. Look at the photos below using skittles, a Christmas cookie cutter and some warm water follow the steps to see what happens! Ask an adult for help.
