

## Year 2 Advent Homework

Each week please choose one of the activities to complete and email your teacher a photo of your completed activity.

### Maths

Mrs Christmas asked the Elves to all learn how to count in 10's before Christmas Eve. They have forgotten to do their homework can you help them?

12 →  →  → 42

17 →  →  →

19 →  →  →

11 →  →  →

### English

On Christmas eve, Saint Nicholas (Father Christmas) will hopefully visit all of us! Can you write him a letter telling him how you have been good this year?

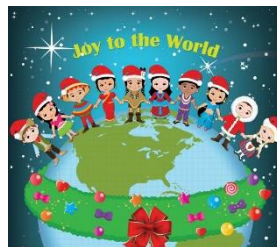

My example is below:

*Dear Father Christmas, I have helped my friends in the playground. I have also helped at home. I have tried very hard to make good choices this year. Love Mrs Costelloe.*

### Geography

Christmas is celebrated all over the world but often countries have different traditions. Can you research one other country and how they celebrate Christmas? Draw a picture of what Christmas looks like in that country and label it with key words.

### P.E

Father Christmas needs to keep fit throughout the year so he has lots of energy when it comes to Christmas Eve. Can you keep up and follow his favourite dance routine?

### Design and Technology

The wise men had to follow the Christmas star in order to find Jesus. Can you make a very bright star like the one they followed?

### Science

Are you dreaming of a white Christmas? Why not make your own snow in case we do not get snow this year! Make sure you ask an adult for help.
